Utah Community Forest Council/ ISA UT-Chapter

ANSI A300 Workshop

Using ANSI A300 Tree Care Standards to Maximize Business Operations Workshop

Tuesday, March 10, 2026, 7:30 am to 12:15 pm (Lunch afterwards)
Cost: $45 per person 4 ISA CEU's

Online Registration: www.utahurbanforest.org

Vermeer Mountain West Headquarters

1035 Legacy View Street, Salt Lake City, UT 84104

Most companies don't realize that the ANSI A300 Tree Care standards provide the guidance tree care companies need to streamline their work specification, work proposal, and work order process. The end result is a system where the sales person specifying the work, the crew doing the work, and the client are all on the same page about what work is to be done, and, more importantly that the objective of the job is complete, without any errors or callbacks needed.

Presenters: A300 Committee Members: *Sam Hill, Sam Hill Tree Care; Steve Chisholm, Jr, Aspen Tree Experts; Wayne Dubin, Bartlett Tree Experts; JP McDonnell, SavATree; Geoff Kempter; Cory McCurry; Andrew Mertz; Randy Miller; Bob Rouse, Tree Care Industry Association*

7:30 – 8:00 am	Check-in
8:00 – 8:30 am	Overview of ANSI A300 Tree Care Standards, their purpose, development and use - *Sam Hill, ANSI A300 Committee Chair, Owner, Sam Hill Tree Care*
